

## **EDS Grand Prix Results, April 19-20, 1996**

*Alkek Velodrome, Houston, Texas*

The elite of track cycling gathered at the Alkek Velodrome in Houston Texas April 19th and 20th for the EDS Grand Prix. As the richest track event prior to the Olympic Trials, the racing lived up to the expectation of being fast and exciting.

National Sprint Champion, Bill Clay, just returning from the World Cups in Columbia and Cuba showed his talent and speed holding off challenger Paul Swift in two rides in the final.

Marcello Arrue beat former tandem partner Mark Garrick in two rides for 3rd.

Friday night's "Main Event", the Keirin featured some of the top riders in the country. National Champion, Paul Swift could not match the speed of Marcello Arrue who led the field powering his way to the finish.

Junior National Champion, Brian Sitcer, broke a 5 year junior track record in the kilometer time trial placing third overall in the senior men's field. The thirty-seven starters in the Miss & Out was a record for the Alkek Velodrome.

Jeanne Farrell who won the sprint's in the USCF Regional Cup continued her winning streak in the EDS Sprint competition.

It was the EDS women, Jennifer Evans and Linda Kruse who dominated the endurance events of the pursuit and points race.

The Alkek Velodrome was pleased to host, for the first time in Texas, athletes from Disabled Sports USA. The riders competed in the 200m time trial, kilometer time trial, and 4km time trial. Robert Picardo won the admiration of the crowd by winning his heat in the Senior 1-2 Keirin.
